PRINCE2® CERTIFICATION OVERVIEW

	 PRINCE2® AGILE EXPERT	 PRINCE2® PROJECT MANAGER	 PRINCE2® PROGRAMME MANAGER	 PRINCE2® PORTFOLIO MANAGER	 PRINCE2® RISK MANAGER	 PRINCE2® PMO MANAGER
FOCUS	Applying PRINCE2 principles in agile environments.	Leading and managing individual projects.	Managing a group of related projects.	Managing a portfolio of programmes and projects.	Managing uncertainty and minimising threats.	Establishing and leading a PMO function.
PRIMARY RESPONSIBILITY	Enable effective collaboration between PRINCE2 and agile teams and ensure governance is maintained.	Plan, delegate, monitor and deliver projects on time, within scope and budget.	Coordinate, align and oversee multiple projects to deliver strategic outcomes and realise benefits.	Prioritise, balance and invest in the right work to achieve organisational strategy.	Identify, assess and control risks to maximise the chances of success.	Design, implement and run PMO services, standards and governance.
BEST FOR	Agile practitioners, scrum masters, team leads, project managers working in agile contexts.	Project managers or aspiring project managers responsible for the day-to-day delivery of projects.	Programme managers responsible for achieving change across related projects and teams.	Portfolio managers and senior leaders responsible for investment decisions and value optimisation.	Risk managers, project professionals, and anyone responsible for risk management.	PMO managers or leaders responsible for building and improving PMO capability and value.
KEY OBJECTIVE	Tailor and integrate PRINCE2 with agile methods to deliver successful outcomes.	Deliver a single project that meets business objectives and benefits.	Deliver a programme of work that achieves strategic business change.	Ensure the portfolio delivers maximum value and aligns with strategy.	Embed effective risk management into projects, programmes and portfolios.	Enable consistent, efficient and effective delivery across the organisation.
KEY CONTRIBUTION TO ORGANISATION	Increased agility with governance and control.	Successful delivery of projects and defined benefits.	Realisation of benefits and strategic outcomes across projects.	Optimised investment and long-term value for the organisation.	Reduced risk exposure and increased likelihood of success.	Improved delivery maturity, governance and resource optimisation.
TYPICAL STAKEHOLDERS	Project teams, Product Owners, Project Managers, Scrum Masters, Change Board.	Project Board, Team Manager, Team, Suppliers, Business Stakeholders.	Programme Board, Project Managers, Senior Management, Business Stakeholders.	Portfolio Board, Executives, Finance, Programme Managers, PMO.	Project/Programme Teams, Risk Owners, Senior Management.	PMO Team, Project Managers, Senior Management, Business Units.
PRINCE2® CERTIFICATION	PRINCE2® Agile® (Foundation & Practitioner)	PRINCE2® Project Management	PRINCE2® Programme Management	PRINCE2® Portfolio Management	PRINCE2® Risk Management	PRINCE2® PMO Management

WORKING TOGETHER FOR BETTER RESULTS

Aligned roles ensure everyone works towards the same goals.

Clear responsibilities reduce duplication and improve decision-making.

Better collaboration across projects, programmes and the portfolio.

Optimised resources and investment deliver more value.

Effective risk management protects outcomes and reputation.

Stronger governance and PMO support drive consistent success.

Each role adds unique value. Together, they create the right environment for successful change and lasting impact.
