Microsoft Azure Fundamentals

Course code: AZ-900T00-A

Level: Beginner
Product : Azure
Role : Administrator
Duration: 1 day

Overview:

This course will provide foundational level knowledge on cloud concepts; core Azure services; and Azure management and governance features and tools..

Audience Profile:

This course is suitable for IT personnel who are just beginning to work with Azure. This audience wants to learn about our offerings and get hands-on experience with the product. This course primarily uses the Azure portal and command line interface to create resources and does not require scripting skills. Students in this course will gain confidence to take other role-based courses and certifications, such as Azure Administrator. This course combines lecture, demonstrations, and hands-on labs. This course will also help prepare someone for the AZ-900 exam.
